

ACADEMY FOR RESPONSIBLE DEVELOPMENT

Programme: Erasmus+
Key Action: Partnerships for cooperation and exchanges of practices
Action Type: Cooperation partnerships in youth
Start: 01-10-2022 - End: 31-12-2024

Project Description

The "Academy for Responsible Development" project increased young people's awareness and social commitment to sustainable development. The project created an innovative e-learning tool for the youth workers, describing the Academy of Responsible Development model.

Target Group

- Young people
- Youth workers
- Sustainability advocates

Project Aims

The aim of the project is to enlarge awareness and social involvement of the youth regarding sustainable development through establishing and running the Academies of Responsible Development.

In the face of the climate crisis we want to strengthen education and awareness of the youth towards sustainable development which will result in preparing young people to conscious and active participation in socio-economic life and democratic society.

Project Mobilities

- Transnational Project Meeting I - Krakow, Poland
- Transnational Project Meeting II - Amsterdam, Netherlands
- Transnational Project Meeting III - Lecce, Italy
- Transnational Project Meeting IV - Krakow, Poland

Project Work Packages

- WP1: Project Management
- WP2: Development of the educational model of the Academy of Responsible Development
- WP3: Pilot and improvement of the Responsible Development Academy model
- WP4: Promotion, dissemination and ensuring the exploitation of results after the end of the project
